Wash Care Instructions:

Almost all Darzzi Products are very easy to care for and clean.

We always pre-wash & dry products after manufacturing as a standard operating practice. In most cases Darzzi cotton and merino wool products can be washed and laid flat to dry. Lambs Wool products require a bit more care and we recommend dry clean for these delicate darlings.

As washing instructions change for various fabrics and product types we recommend you to visit our website www.darzzi.com for detailed wash care instructions for each product.

Should you find any damages in our products, we request you to notify us within 7 business days through email along with details and a picture of the damaged product. We will gladly replace the product if the complaint is admissible as per our replacement guidelines. All Darzzi sales are final and products once sold will not be replaced for any reason other than damages or late shipping.
